EDUCATION (8.48 GPA)

Bachelor's Degree, Mechanical Engineering
Sardar Patel College of Engineering, Mumbai

June 2018 - June 2022

SKILLS SUMMARY

Languages: Python, SQL

Frameworks: Pandas, NumPy, Scikit-Learn, Matplotlib, Gen AI,

Tools: Microsoft Office, Advanced Excel, Power BI, Tableau, PowerPoint, PostgreSQL, Power Point, ERP(MD356)

Soft Skills: Rapport Building, Stakeholder management, People Management, Excellent communication, MIS

WORK EXPERIENCE AND UPSKILLING

Policy Analyst Trainee - Rebounce([Link](#))

July'25- Present

- Lead team of 6 policy researchers to write **White Paper** research and identified business opportunities
- Automated Data Extraction using Python and synthesized **Employment Elasticity to be 0.3**
- Data lineage documentation based on A/B testing, applied statistics and data analysis
- Designed and maintained **data governance dashboards**, aligning analytics and reporting with regulatory and organizational standards

Content Analyst - Pramaan IAS ([Link](#))

Aug'25 – Present

- Authored 600+ policy questions and research topics regarding Sociology, Finance and Economy
- Reached 100+ students in the first year of inception **coaching and training them.**

PROJECTS

Bank Loan Application - Financial Analysis ([Link](#))

- Processed 38K loans, delivering **actionable insights** on ₹435M funded and ₹473M recovered, identifying 13.8% bad loans and optimizing risk management.
- Designed **3 dashboards with 33 worksheets** with data cleaning, quality verification, and analytical performance monitoring for large-scale banking and business datasets.

10,000 Password Analyzed: Create Secure Passwords ([Link](#))

- Analyzed 10,000 most common passwords **using PostgreSQL and PowerBI** to uncover security flaws.
- Identified that 71% of passwords used only lowercase letters and the average length was 6.65 characters, highlighting weak patterns with PostgreSQL using **data ETL.**

Sales Report and Visualization - Adventure Works ([Link](#))

- Analyzed 2nd quarter sales interpreting customer needs into data requirements and process models
- Developed interactive Power BI and Excel dashboards to track KPIs and performance trends, driving business process improvements and executive reporting.

CERTIFICATES

Advanced Excel- VLOOKUP, Pivot Tables ([Link](#))

Google **Data Analytics** - Tableau, SQL ([Link](#))

IBM Databases and **SQL for Data Science with Python** ([Link](#))

IBM **Data Analysis with Python**([Link](#))

Microsoft **Visualization with Power BI**([Link](#))
