

Shreya Sabale

Data / Business Analyst / Operations, SLA & Process Analytics / Excel & SQL
sreyasabale@gmail.com | [LinkedIn](#) | [Github](#) | [Portfolio](#) | Phone: +91 7420973450 |

SUMMARY

Business Analyst working across manufacturing operations, ERP systems, reporting workflows, and cross-functional business analytics. Experienced in building KPI systems, improving data visibility, supporting operational decision-making, and developing structured reporting processes across Sales, Marketing, Production, HR, and Operations

SKILLS SUMMARY

Data Skills: SQL (Joins, CTEs), Excel (Pivot Tables, VLOOKUP), Power BI, MS Office, Google Sheets, Git (basic), Data standardization, Dashboarding (Metabase / Looker Studio / Power BI)

Operations Skills: SLA & turnaround time analysis, Process & workflow tracking, Operational MIS reporting

PROJECTS AND CASE STUDIES

Multi-Stage Workflow & Turnaround Time Analysis

- Designed and tracked a **multi-stage operational workflow** across 100+ simulated cases
- Monitored **status, pending actions, and deadline risk** using Excel dashboards
- Enabled prioritization of high-risk cases to improve turnaround time

Operational SLA & Exception Reporting (ERP Simulation) ([Link](#))

- Performed **time-based SLA analysis** across end-to-end process stages
- Conducted **reconciliation of lifecycle timestamps** to identify systemic delays
- Identified that **20% of cases caused ~70% of delay risk**, enabling focused corrective action

Process Drop-Off & Attrition Analysis ([Link](#))

- Analyzed 10,000+ records to identify **process-stage drop-offs**
- Quantified attrition between successive stages and highlighted risk points
- **Provided process improvement recommendations to reduce loss and rework**

WORK EXPERIENCE AND UPSKILLING

Business Analyst | Ajay Syscon Pvt Ltd

Mar 2026 – Present

- Supported analytics and reporting across Sales, Marketing, Production, HR, Export, and Operations
- Analysed and standardized 4607+ customer records improving reporting visibility and customer data quality
- Built KPI dashboards, production trackers, and reporting systems reducing dependency on manual workflows
- Conducted distributor analysis, sales projections, repeat enquiry analysis, and customer intelligence studies
- Cleaned and analysed historical datasets spanning 2016–2026 identifying cross-selling opportunities

Policy and Analyst | Rebounce

Nov 2025 - Jan 2026

- Analysed more than 6000 policy topics
- Designed and maintained **SQL-based reports** to support operational and policy decision-making.
- Built and maintained **data models** to support reporting and analytics requirements.
- Worked with large datasets to **clean, validate, and standardize data** across multiple government sources.

EDUCATION (8.48 GPA)

Bachelor's Degree, Mechanical Engineering
Sardar Patel College of Engineering

CERTIFICATIONS

- Google **Data Analytics** - Tableau, SQL ([Link](#))
- Microsoft **Visualization with Power BI** ([Link](#))
- IBM Databases and **SQL for Data Science with Python** ([Link](#))
- **Advanced Excel**- VLOOKUP, Pivot Tables, Data Validation ([Link](#))
- Google **AI Essentials** ([Link](#))
